

An Affirmation for a Biblical Approach to Fighting Cancer

By Richard W. Moulton, M.S., M.Div., D.Min.

An Affirmation of Faith for Christians with Cancer

If God's Word is true, which I believe it is, then:

There is a Satan who seeks to destroy me.

If there is a Satan who seeks to destroy me, then:

He attacks me where I am physically most vulnerable.

Where I am physically most vulnerable is where I am least likely to attribute his workings to him:

He attacks me on the microbiological level in my body.

Because God made my body in His image, my body wars against Satan's workings; thus:

God has given my body elaborate defenses against attack at the microbiological level.

But because I live in a fallen world which has Satan as its prince, then:

My body can be overwhelmed by the wiles of the evil one.

Without my understanding where the battle is being fought and relying on God's Word, then:

Satan has free reign to work his destruction in me.

But if I see how God has destroyed the works of Satan throughout history, then:

I can see the strongholds that Satan is using to destroy my body.

And if I understand how God's word has "pulled down strongholds," then:

I can see how God is destroying the strongholds where Satan attacks my body.

And, if I see how God is destroying the work of Satan in my body, then:

I can put on the whole armor of God and do battle in the name of the Lord,
confident that I am "His workmanship, created in Christ Jesus for good works, which
God prepared beforehand, that I should walk in them" (Ephesians 2:10, ESV).

And if I prepare myself for the battle, armed with the word of God, and go forth in His name, then I am certain that:

There is nothing in all creation that will ever be able to separate me from the love of God
that is revealed in Christ Jesus my Lord (Romans 8:39, NLT).
